VYKOL

VYPANEL-R

PUR or Mineral Wool Sandwich Roof Panels

DESCRIPTION

Metal-faced sandwich roof panels with a polyurethane (PUR) or mineral wool core.

BENEFITS

- Combines roof covering and insulation
- Factory-formed panel joints

APPLICATIONS

- Industrial buildings
- Warehouses and other insulated pitched roofs

INSTALLATION

- Lay panels to the designed roof slope and support spacing.
- Fix with approved fasteners.
- Seal side and end laps, ridges and penetrations.

STORAGE & SHELF LIFE

- Store in original packaging in a dry, covered area.
- Protect from moisture, direct sunlight and physical damage.
- Support packs evenly and follow the supplied stacking and handling instructions.

DIMENSIONS & PACKAGING

Parameter	Value
Core	PUR or mineral wool; as selected
Panel thickness	To be confirmed for the selected grade
Steel gauge	To be confirmed for the selected grade
Roof profile	To be confirmed for the selected grade
Effective width	To be confirmed for the selected grade
Cut length	To be confirmed for the selected grade
Packaging	To be agreed with the order

TECHNICAL DATA

Property	Value / status	Test method
Thermal performance	To be confirmed	To be agreed
Load and span capacity	To be confirmed	To be agreed
Fire performance	To be confirmed	To be agreed
Joint weather resistance	To be confirmed	To be agreed

Performance values and test methods have not been supplied for these grades. Confirm the selected product specification and supporting test data before project approval.

SPECIFICATION NOTES

Select the core and panel schedule for the thermal, structural and fire requirements of the project.
